HANDICAP UPDATE: Please note that player handicaps have been updated in terms of matches being dropped and matches being carried forward. Handicaps reflect a floating average of between 12 & 24 games based on session and matches played by the player in question. This session we dropped matches for most players and therefore handicap averages may have changed even though you have not played. Some player handicaps may have jumped based on matches played and the win/loss and points record associated with those matches played.

SPRING SESSION AWARDS: In order to serve the needs of more NEBL teams and players, beginning this session the NEBL will be holding a Northern New England Regional Qualifier and Southern New England Regional Qualifier. In order for the NEBL to include more teams in the awards associated with NEBL league play, we will hold a Northern and Southern Regional Qualifier after each session. The top 25% of the teams participating in their respective qualifier will receive cash awards, trophies and an invitation to compete in Regional Championship tournament competition. This change comes from survey's and discussions with many players over the years where the need to increase competition needs to be weighed against the benefits offered. (More teams earning more rewards will increase the excitement associated with NEBL league play). We have concluded that earning large cash awards at regional qualifier will dramatically increase league participation and competition. The teams advancing from 6 qualifiers offered throughout the year will be the cream of the croup, the best of the best. These teams will compete for cash awards and/or trips to Vegas and trophies.

If divisions with 8 teams or more are interested in creating a Divisional Cup Championship whereby one team out of 8 is guaranteed to win a trip to Vegas, the NEBL is open to discussing this with division captains. This discussion must be initiated by the division representative.

Memberships run from
June to June

9-Ball divisions are sanctioned with American CueSports. If you play in an NEBL 8-Ball division, you will be required to pay an additional \$10 BCAPL membership fee since all 8-ball divisions are dual-sanctioned.

NEW MEMBERSHIP POLICY revised 7/07

When an asterisk is by your name your membership is due BEFORE the 4th week of league play. After the 4th week you will not be sanctioned for the remainder of the session. What this means to you is the national office may not give you credit for matches played (mp) during the session in question. It also means that you jeopardize playoff and regional tournament competition!

Thank you in advance for adhering to our membership policy - it really does make a difference.
